**RE: Application for Solicitation Supplemental Statement**

Pursuant to the Township of Jackson Ordinance § 310-2(A)(1-4), the purpose of this supplemental communication is to comply with Ordinance and Application requirements, to introduce Arcadia, to provide a basic summary of Arcadia's community solar program, and to certify that its provider, whose name appears below, is an authorized representative of Arcadia in good standing.<sup>1</sup> Under pre-approved circumstances Arcadia authorized representatives may promote Arcadia's community solar program offerings during the hours of 10:00am - 6:00pm, Monday through Saturday, and 12:00pm-2:00pm on Sundays. Authorized representatives may canvas on-foot through the Township streets provided on the attached listing unless registered through the 'No Knock Registry.'

Authorized Agent Name & Address: Jeff Madison -  
Hannah Stevenson -  
Joshua Johnson -  
Scott Kessel -  
Abdiel Escoffery -

To obtain further verification of the authorized agent's status and/or to submit associated comments, please contact Arcadia Support at (866) 526-0083, or send an appropriate message to [support@arcadia.com](mailto:support@arcadia.com).

In summary, Arcadia's authorized agents are applying to the Township for permission to conduct door-to-door canvassing activities for the purpose of enrolling interested Township residents in the State of New Jersey Board of Public Utilities' Community Solar Energy Pilot Program via Arcadia's community solar farm located at 2498 Route 70, Manchester Township, New Jersey, 08759. For additional Program information visit: <https://njcleanenergy.com/renewable-energy/programs/community-solar>.

Program participation is voluntary, requires no change in the quality or reliability of utility electricity service, requires no installation, guarantees monthly savings off utility electricity bills (depending upon the farm's generation), is free to enroll, and participation may be cancelled at any time. To ensure savings, the opportunity to participate is limited per community solar farm correlating to a respective farm's estimated generation.<sup>2</sup>

Thank you.
