Special Needs Registry

The Jackson Township Police Department is pleased to announce the creation of a Special Needs Registry to assist the members of our community who may have Special Needs such as Autism or have any other communication disabilities that may make dealing with First Responders challenging.

This registry is free, totally voluntary and is intended to provide the police with quick access to critical information about a registered person in an emergency.

We consider it a privilege to serve all members of our community and understand the importance of assisting those with special needs. By taking a moment to register you can help us ensure the safety of a loved one in an emergency situation.

It is important to point out that all information provided will remain strictly confidential and will only be utilized by first responders during times of emergency.

The presence of the OCSNR decal signifies to first responders that someone in the residence/vehicle has some degree of special need and that they should respond accordingly.
