Dear Chairmen and Board Members:

After reviewing the amended reports and information for the referenced application and after discussing and hearing testimony at our September 29, 2015 meeting, the Commission has no new environmental concerns other than the concerns listed in our March 30, 2015 letter, which to our understanding, have been or will be addressed.

Please call me with any questions and thank you for the opportunity to provide input on the matter.

Sincerely,

  
Anthony Russo  
Chairman
