The Township of Jackson believes strongly in an Open-Door Policy and encourages employees to talk with their supervisor, Department Head, or Business Administrator concerning any problem.

To the maximum extent permitted by law, the employment practices of the Township of Jackson shall operate under the legal doctrine known, as “employment at will.” Within Federal and State law, including the New Jersey Civil Service Act and any applicable bargaining unit agreement, the Township of Jackson shall have the right to terminate an employee at any time and for any reason, with or without notice, except the Township of Jackson shall comply with all Federal and State legal requirements requiring notice and an opportunity to be heard in the event of discipline or dismissal. SECTION ONE: EMPLOYEE RIGHTS & OBLIGATIONS

ANTI-DISCRIMINATION POLICY

The Township of Jackson is committed to the principle of equal employment opportunity and anti-discrimination pursuant to Title VII of the 1964 Civil Rights Act as amended by the Equal Opportunity Act of 1972 and the New Jersey Law Against Discrimination as amended by the New Jersey Pregnant Worker's Fairness Act (LAD). Under no circumstances will the Township of Jackson discriminate on the basis of sex, race, creed, color, religion, national origin, ancestry, age, marital or political status, affectional or sexual orientation, domestic partnership status, civil union status, atypical heredity, cellular or blood trait, genetic information, disability (including AIDS or HIV infection), pregnancy (including pregnancy related medical condition), childbirth, breastfeeding, liability for service in the United States armed forces, gender identity or expression and/or any other characteristic protected by law. Decisions regarding the hiring, promotion, transfer, demotion or termination are based solely on the qualifications and performance of the employee or prospective employee. If any employee or prospective employee feels they have been treated unfairly, they have the right to address their concern with their supervisor, or if they prefer their Department Head, Business Administrator, the Business Administrator or designee.

AMERICANS WITH DISABILITIES ACT POLICY/ NEW JERSEY PREGNANT WORKER'S FAIRNESS ACT

In compliance with the Americans with Disabilities Act, the ADA Amendments Act and the New Jersey Law Against Discrimination as amended by the New Jersey Pregnant Worker's Fairness Act (LAD), the Township of Jackson does not discriminate based on disability, pregnancy, pregnancy related medical condition or childbirth. The Township of Jackson will endeavor to make every work environment handicap assessable and all future construction and renovation of facilities will be in accordance with applicable barrier-free Federal and State regulations and the Americans with Disabilities Act Accessibility Guidelines, as well as the ADA Amendments Act.

It is the policy of the Township of Jackson to comply with all relevant and applicable provisions of the Americans with Disabilities Act, the ADA Amendments Act and (LAD). We will not discriminate against any employee or job applicant with respect to any terms, conditions, or privileges of employment on the basis of a known or perceived disability, pregnancy, childbirth, breastfeeding, or pregnancy related medical condition. We will also make reasonable accommodations to known physical or mental limitations of all employees and applicants with disabilities or pregnant, provided that the individual is otherwise qualified to safely perform the essential functions of the job and also provided that the accommodation does not impose undue hardship on the Township of Jackson.

The Business Administrator shall engage in an interactive dialogue with disabled employees and prospective disabled/pregnant employees to identify reasonable accommodations or their respective physician. In the case of an employee breastfeeding her infant child, the accommodation shall include reasonable break time each day to the employee and a suitable room or other location with privacy, other than a toilet stall, in close proximity to work area for the employee to express breast milk for the child.

All decisions with regard to reasonable accommodation shall be made by the Business Administrator. Employees who are assigned to a new position as a reasonable accommodation will receive the salary for their new position. The Americans with Disabilities Act does not require the Township of Jackson to offer

THE TOWNSHIP OF JACKSON

permanent "light duty", relocate essential job functions, or provide personal use items such as eyeglasses, hearing aids, wheelchairs, etc.

Employees should also offer assistance, to the extent possible, to any member of the public who requests or needs an accommodation when visiting Township of Jackson facilities. Any questions concerning proper assistance should be directed to the Business Administrator.

CONTAGIOUS OR LIFE-THREATENING ILLNESSES POLICY

The Township of Jackson encourages employees with contagious diseases or life-threatening illnesses to continue their normal pursuits, including work, to the extent allowed by their condition. The Township of Jackson shall make reasonable accommodations to known physical and mental limitations of all employees, provided that the individual is otherwise qualified to safely perform the essential functions of the job and also provided that the accommodation does not impose an unreasonable hardship on the Township of Jackson.

The Township of Jackson will take reasonable precautions to protect such information from inappropriate disclosure, including the following

Medical information may be disclosed with the prior written informed consent of the person who is the subject of the information.

Information may be disclosed without the prior written consent to qualified individuals for the purpose of conducting management audits, financial audits, and program evaluations, but these individuals shall not identify, either directly or indirectly, the person who is the subject of the record in a report or evaluation, or otherwise disclose the person's identity in any manner. Information shall not be released to these individuals unless it is vital to the audit or evaluation.

Information may be disclosed to the Department of Health as required by State or Federal law.

Managers and other employees have a responsibility to maintain the confidentiality of employee medical information. Anyone inappropriately disclosing such information shall be subject to disciplinary action.

SAFETY POLICY

The Township of Jackson will provide a safe and healthy work environment and shall comply with the Public Employees Occupational Safety and Health Act (PEOSHA). The Township of Jackson is equally concerned about the safety of the public. Consistent with this policy, employees will receive periodic safety training and will be provided with appropriate safety equipment. Employees are responsible for observing safety rules and using available safety devices including personal protective equipment. Failure to do so constitutes grounds for disciplinary action. Any occupational or public unsafe condition, practice, procedure or act must be immediately reported to the supervisor or Department Head. Any on-the-job accident or accident involving Township of Jackson facilities, equipment or motor vehicles must also be immediately reported to the supervisor or Department Head.

The Township of Jackson has appointed a Safety Committee that meets on a regular basis to discuss and recommend solutions to safety problems. Employees are encouraged to discuss safety concerns with their Safety Committee Representative.

THE TOWNSHIP OF JACKSON

LIGHT DUTY POLICY

The Township of Jackson will endeavor to bring employees with temporary disabilities back on the job as soon as possible and may assign Light duty to employees who temporarily cannot perform the essential functions of their positions because of injury or illness. Light duty is not guaranteed and will be assigned on a case by case basis. If a department already has one employee on Light duty, it is unlikely that another employee from that department will be assigned Light duty.

An employee requesting Light duty, or the Workers Compensation Physician shall notify the Business Administrator or designee as soon as the temporarily disabled employee is able to return to work with restrictions. Light duty will only be assigned if the employee will be able to perform the essential functions of the position after the Light duty period. The Business Administrator or designee will consult with the Department Head to determine if there is any meaningful work that can be performed consistent with the restrictions. Light duty assignments may be in any department and not just the employee's normal department. The Business Administrator or designee will decide if it is in the best interest of the Township to approve a Light duty request and will notify the employee of the decision. The Township of Jackson reserves the right to terminate the Light duty assignment at any time without cause.

Employees may not refuse Light duty assignments that are recommended by the Workers Compensation Physician. In such cases, failure to report to work as directed shall constitute immediate grounds for dismissal. If the employee believes that the Light duty assignment is beyond the employee's abilities, the employee may request a meeting with the Business Administrator who will render a written response within 24 hours.

Employees on Light duty will receive their regular salaries and are prohibited from engaging in any outside employment of any kind unless they receive prior written approval from the Business Administrator. If Light duty is approved, the employee or Workers Compensation Physician must keep the Business Administrator or designee informed of the medical progress. If at the end of Light duty period the employee is not able to return to work without restrictions, the Township of Jackson reserves the right at its sole discretion to extend the Light duty or place the employee back on Workers Compensation or disability. This policy does not affect an employee's rights under the Americans with Disabilities Act, the Family and Medical Leave Act, the Fair Labor Standards Act, the Contagious or Life-Threatening Illnesses Policy or other Federal or State law.

ALCOHOL AND DRUG FREE WORKPLACE POLICY

I. PURPOSE

The Township subscribes to the belief that the abuse of alcohol and/or drugs by Township employees is incompatible with the Township's obligation to endeavor to provide a safe and productive work environment for its employees and for its citizens to ensure their safety and trust in the Township. The Township further believes that healthy, drug-free employees are a greater asset to the Township, to society and to themselves. The goal of the Township Alcohol- and Drug-Free Workplace Policy ("Policy") is to maintain a work force free from prohibited drugs and alcohol abuse. The possession use or distribution of drugs/alcohol in the workplace poses an unacceptable risk to employees, the public and the Township. Accordingly, the Township hereby establishes the following policies and procedures, which shall apply to all Township employees, inclusive of the Department of Public Works. This policy shall not apply to the Police Department, which is governed by its own separate policies.

THE TOWNSHIP OF JACKSON

- A. Procedures for Transportation Workplace Drug Testing Programs: 49 CFR, Part 40.
- B. Omnibus Transportation Employee Testing Act: 49 CFR, Part 382.
- C. Notification and Reporting of Accidents: 49 CFR, Part 394.

III. POLICY

- A. It is the responsibility of all employees to maintain personal health so that they are physically and mentally capable of performing in the workplace. The abuse of drugs or alcohol is an unsafe and counterproductive practice which will not be tolerated at the Township. NOTE: In this Policy, the terms "abuse" and "substance abuse" will be used interchangeably to mean the use or abuse of or dependency on illegal drugs, alcohol or drugs that can be prescribed but are used in a manner inconsistent with the prescription.
- B. Any employee of the Township reporting for work and found to be under the influence of alcohol or drugs or using drugs or alcohol while at work or in possession of, manufacturing, selling, offering for sale, trading or providing illegal drugs or alcohol will be subject to disciplinary action, up to and including termination. This Policy is in effect for all employees while on Township property, which includes the parking lots, or while engaged in Township business. The sale, possession, manufacture, distribution, dispensation, use or purchase of illegal drugs and/or alcohol on Township property or while conducting Township business is prohibited. (Township -sponsored activities which may include the responsible service of alcoholic beverages are not included in this provision, provided that abuse does not occur.)
- C. In an effort to ensure that the Township is an alcohol and drug-free workplace and to comply with Department of Transportation ("DOT") regulations, a drug testing program will be in effect for any person designated in a DOT regulation as subject to drug testing and/or alcohol testing including, by way of example and not limitation, individuals currently performing a safety-sensitive function, e.g. persons performing duties requiring a commercial driver's license, and applicants for employment subject to pre-employment testing. This Policy will provide for pre-employment, random, post-accident, reasonable suspicion, return-to-duty and follow-up testing. The Township has retained a Medical Review Officer or Agency (hereinafter referred to as the "MRO") to manage and administer the testing program.
- D. Any employee reporting for work impaired and unable to properly perform his/her required duties will not be allowed to work. If possible, the supervisor will first seek another supervisor's opinion of the employee's status. Also, where applicable, the supervisor will subsequently consult privately with the employee about the observation. If, in the opinion of the supervisor, the employee is considered impaired, the employee will be required to be tested for alcohol and illicit substances depending on the supervisory determination of the observed impairment. (Under no circumstances should an impaired

THE TOWNSHIP OF JACKSON

employee be allowed to drive.) The Township will make arrangements to have the employee driven to the test site and home.

- E. Prescription drugs prescribed by the employee's licensed medical practitioner may be taken during working hours. The employee is, however, required to notify the supervisor if the use of properly prescribed prescription drugs may adversely affect the employee's work performance. The abuse of prescription drugs will not be tolerated. Employees must notify their supervisor within five (5) days of conviction for a drug or alcohol related violation, whether or not the violation occurred in the workplace. Employees using prescription drugs that may affect job performance or safety must notify their immediate supervisor and/or Department Head who is required to maintain the confidentiality of any information regarding an employee's medical condition in accordance with the Health Insurance Portability and Accountability Act ("HIPAA").
- F. The Township will provide an Employee Assistance Program (EAP) for its employees including supervisory personnel, which will include a program of education and training on the effects of drug/alcohol abuse. The Township will make available to all employees informational material related to the cause and effects of substance abuse and additionally will provide a community service hot-line telephone number, which can be used by its employees whenever assistance is required. Supervisory personnel, who will be in a position to determine whether an employee must be drug/alcohol tested pursuant to the policies herein, will receive a minimum of one hour of training on the specific physical, behavioral and performance indicators of probable drug/alcohol abuse. It is the responsibility of all employees to seek assistance from the EAP before drug/alcohol problems lead to violations of this policy and/or disciplinary action.
- G. The Township has determined to take action against its employees who unlawfully use, manufacture, distribute or possess alcohol, drugs and/or controlled substances during or outside assigned working hours in order to prevent illegal activities and to protect employees, the public and the Township and its property from any danger which may result from the illegal use of alcohol, drugs and/or controlled substances.
- H. The Township has further determined that it will not employ or use the services of any employee who refuses to be tested for drugs/alcohol and will discipline any employee who fails a drug/alcohol test, which may include termination of employment.
- I. All employees are required to acknowledge, in writing, their receipt of this policy. All employees will be provided with an orientation of this policy.

V. PRE-EMPLOYMENT TESTING FOR EMPLOYEES IN SAFETY-SENSITIVE POSITIONS

Prospective employees selected for a safety-sensitive position will be required to undergo post-offer, pre-employment testing for the presence of alcohol and prohibited drugs. A negative test result is a condition of employment and a positive test result will result in the individual being dropped from further consideration for employment with the Township at that time or in the future.

Failure to keep an appointment with the MRO to undergo testing for the presence of alcohol and/or prohibited drugs, which was previously agreed to by both the prospective employee and the MRO, will be viewed as a refusal to submit to the testing and will result in the individual being dropped from further consideration for employment with the Township at that time or in the future.

VI. RANDOM TESTING

All employees who have commercial drivers' licenses and those in safety-sensitive positions will be subject to random, unannounced alcohol and drug testing on an annual basis. Testing will be done during working hours, except under exigent circumstances. The Township shall be responsible for the costs of the testing. Split-sample testing will be as provided by this Policy. Selection criteria, numbers of tests and test frequency will be determined by the language of the applicable Federal Highway Administration ("FHWA") regulations and will be communicated to employees by Township management or the MRO.

However, annually at least fifty percent (50%) of the employees will undergo drug testing and fifty percent (50%) of the employees will undergo alcohol testing. Monthly, but no later than quarterly, a prorated number of employees will be tested. The portion will ensure that the ratios above are conducted over the calendar year. Any employee who is absent will go back into the random pool and another employee will be drawn.

Upon notification of selection, the employee will report to the designated collection site immediately. Failure to report will be viewed as a refusal to submit to the test and will result in disciplinary action, up to and including termination.

VII. REASONABLE SUSPICION TESTING/EMPLOYEE PHYSICAL

All employees are subject to a fitness-for-duty evaluation, to include urine and breath-testing, when there is reasonable suspicion to believe that the employee is in violation of this Policy. A reasonable cause referral for testing will be made on the basis of documented, objective facts and circumstances which are consistent with

THE TOWNSHIP OF JACKSON

the long- and short-term effects of substance or alcohol abuse. Examples of reasonable suspicion include, but are not limited to, the following:

- (1) Physical signs and symptoms consistent with substance or alcohol abuse.
- (2) Evidence of the manufacture, distribution, dispensing, possession or use of controlled substances, alcohol, or drugs.
- (3) Prohibited Conduct as follows:
 - A. Alcohol Concentration above 0.02% when Reporting For Duty or Remaining On Duty
 - B. Alcohol Possession
 - C. On-Duty Alcohol Use
 - D. Pre-Duty Alcohol Use
 - E. Alcohol Use Following an Accident
 - F. Refusal to Submit to a Required Alcohol or Controlled Substance Test
 - G. Controlled Substance Use
 - H. Positive Test For Controlled Substances

Reasonable cause testing determinations will be made by a supervisor or other Township official who is trained to recognize the signs and symptoms of drug and alcohol use and who can reasonably conclude that an employee may be adversely affected or impaired in his/her work performance due to substance abuse. If another supervisor or other Township official is immediately available, he/she will verify that there is reasonable cause before the employee is transported to the MRO's facility. At no time will this determination be made on the basis of third-party reports without verification.

The observations of the supervisors and the determination shall be set forth in a written report, which report should be completed prior to testing, but no later than two (2) hours after the employee is sent to the testing facility. The written report shall be forwarded to the Administrator who shall keep the report confidential.

NOTE: Employees are cautioned that various over the counter and prescribed medications can adversely affect ability to operate vehicles and other equipment. It is the employee's responsibility to report to work each day fit for his or her duties.

Employees who are deemed to require a fitness-for-duty evaluation based on reasonable cause will be sent to a health facility of the Township's choice. The attending physician will make every attempt to determine the cause of the observed behavior, including authorizing, when his/her medical opinion dictates, an additional alcohol or drug test.

Employees will be placed on unpaid medical leave of absence until the results of the examination are received by the Township. Receipt of a negative drug test result and/or doctor's statement that the employee was and is fit for duty is required prior to return to duty and continued employment. Employees who are returned to duty by this means will be reinstated without prejudice and without loss of pay.

Employees who are medically determined to be temporarily unfit to perform their duties, but who test negatively for alcohol or drugs, will be returned to duty when they obtain the original examining doctor's

THE TOWNSHIP OF JACKSON

written statement that they are fit for duty. Any fitness for duty examination will only determine whether the employee is fit for duty and no medical information shall be disclosed.

Employees may be required by the Township to undergo a physical examination, which can include urine testing for drugs/alcohol. Such testing shall be done by a designated agent of the Township, who shall follow the procedures set forth in this Policy.

VIII. POST-ACCIDENT TESTING

Any employee involved in an accident, while on Township property or while engaged in Township business, will be required to submit to a post-accident alcohol and drug test if:

- (1) The driver involved in an accident received a citation for a moving violation.
- (2) There is a fatality as a result of an accident.
- (3) The accident meets the DOT criteria for an accident, including but not limited to: (a) bodily injury to any person who requires immediate medical treatment away from the scene of the accident; or (b) one or more vehicles are disabled at the accident scene and require towing or transport by another vehicle.
- (4) The accident involves a Township vehicle where drug/alcohol usage may have played a role.

When post-accident testing is indicated, the Township will make every effort to have such testing performed within two (2) hours of notification of the accident. At no time will a period of more than eight (8) hours transpire between notification and testing. Documentation of the entire post-accident procedure should be made by all personnel involved in the notification and testing process.

Receipt by the Township of a negative alcohol and drug test result is required prior to return to duty. A positive test result may disqualify an employee from further employment or reinstatement at that time or any time in the future and subject the employee to disciplinary action, up to and including termination of employment.

IX. RETURN TO DUTY TESTING

Any employee who tests positive for alcohol or illicit substances will not be permitted to return to work, where applicable, until he/she has met the following:

- (1) The employee must be evaluated by a substance abuse professional. This professional must meet the criteria outlined in the DOT's Alcohol and Drug Rules for Substance Abuse Professionals.
- (2) The employee must comply and complete all recommendations made by the substance abuse professional and be able to document the same.
- (3) The employee must submit to return-to-duty testing, and proof of a negative test result must be received by the Township. Return-to-duty testing for employees holding CDLs will be conducted by direct observation. See Part X.B.

THE TOWNSHIP OF JACKSON

When the employee is cleared to return to work, he/she will be required to pass an alcohol and drug test. Upon receipt of a negative test result, if an employee is allowed to return to work, he/she will be subject to follow-up testing as required by applicable law and regulations and this Policy. The cost of the follow-up testing will be equally split between the Township and the employee.

All employees are entitled to voluntarily participate in the Employee Assistance Program ("EAP"). However, if there is a positive test result (drug or alcohol), participation in the EAP or an alternate program approved by the Township shall be a prerequisite to continued employment. Refusal to enroll in an EAP or alternate program or to complete a full course of rehabilitation shall be cause for immediate termination of employment of the employee with the Township. A positive alcohol test is one with a level of 0.040 or greater. Employees with a pattern of readings between 0.020 and 0.039 will also be subject to enrollment in a mandatory counseling program as a condition of continued employment with the Township. Employees will be permitted to use accrued vacation time, if available, to attend any counseling programs.

In addition to completing a mandatory course of rehabilitation, employees shall be subject to the following discipline(s):

(1) Following the confirmation of a positive test result, there shall be a suspension without pay of up to thirty (30) days. In the case of an alcohol test result between 0.020 and 0.039, the penalty will be a suspension without pay for the remainder of that day's work shift unless a pattern of this type of abuse has developed. In either case, the suspension(s) shall also remain in full force and effect until there is a negative retest provided to the Township through a certified laboratory (all costs of testing to be borne by the employee), but failure on the part of the employee to present a negative test result within six weeks from the original incident date shall automatically result in his/her termination of employment with the Township. After two weeks, the Township reserves the right, for reasons of operational efficiency, to fill the suspended employee's position and, in such case, the suspended employee would be entitled to the next available opening, provided that all other conditions (rehabilitation and negative test result) are met.

(2) Employees who test positive for alcohol on a second occasion or found to be in violation of this Policy (confirmation of a positive drug or alcohol test result) on a second occasion will be immediately dismissed and permanently barred from future employment with the Township.

(3) Refusal to be tested or failing to cooperate in a drug or alcohol test shall be deemed a positive test.

X. FOLLOW UP TESTING

A. Any employee returning to work with the Township after being disqualified for a positive alcohol or drug test or returning to work after a leave of absence for voluntary substance abuse treatment will be subject to random follow-up testing. The employee will be tested at least six (6) times in the first twelve (12) months after returning to duty and may be subject to follow-up testing without prior notice for up to thirty-six (36) months. However, the employee is not given a fresh start after this period; the verified positive result remains in the his/her file. If any employee tests verified positive on a subsequent post-rehabilitation testing, or on any other test during employment with the Township, that employee shall be terminated from employment with the Township immediately.

B. The following applies only to Employees who are CDL Holders:

THE TOWNSHIP OF JACKSON

- C. In accordance with 49 C.F.R. § 40.67, an employee will be required to provide a specimen immediately under direct observation if:
- (1) The laboratory reported to the MRO that a specimen is invalid, and the MRO reported to the Township that there was not an adequate medical explanation for the result;
 - (2) The MRO reported to the Township that the original positive, adulterated, or substituted result had to be cancelled because the test of the split specimen could not be performed; or
 - (3) The laboratory reported to the MRO that the specimen was negative-dilute with a creatinine concentration greater than or equal to 2 mg/dL but less than or equal to 5 mg/dL, and the MRO reported the specimen to Township as negative-dilute and that a second collection must take place under direct observation (see §40.197(b)(1)).
- D. Collection of specimens will be done under direct observation if the drug test is a return-to-duty test or a follow-up test.
- E. Employees will be subject to direct observation when directed as required by paragraphs B and C of this section; or employees bring materials to the collection site or an employee's conduct clearly indicates an attempt to tamper with a specimen; or the temperature on the original specimen was out of range; or the original specimen appeared to have been tampered with.
- F. The Township and the collector will explain to the employee the reason for a directly observed collection under appropriate paragraphs of this section.
- G. The observer under direct observation will be the same gender as the employee.
- H. Under direct observation, the employee will be requested to raise his or her shirt, blouse, or dress/skirt, as appropriate, above the waist; and lower clothing and underpants to show the observer, by turning around, that they do not have a prosthetic device. After the observer has determined that the employee does not have such a device, the observer may permit the employee to return clothing to its proper position for observed urination.
- I. The observer must watch the employee urinate into the collection container. Specifically, the observer will watch the urine go from the employee's body into the collection container.
- J. If any employee declines to allow a directly observed collection required or permitted under this section to occur, this is a refusal to test.

XI. TESTING PROCEDURES

Collection of the urine specimen shall be done in accordance with federal regulations, as described in 49 C.F.R. §§ 40.41- 40.73, which are outlined in the instructions for employees attached to this Policy as Appendix B. Collection will be done at a collection site designated by the MRO. A proper chain of custody shall be maintained. Should this chain be broken, the test shall be invalidated, and a new collection made.

XII. DRUG TESTING PROCEDURES

THE TOWNSHIP OF JACKSON

- A. All drug testing required by the Township will be performed in accordance with DOT guidelines. Drug testing is by urinalysis using split samples. Split-sample testing requires the specimen be divided into two separate specimen containers during the collection process. These two containers are designated as: the primary specimen, which shall contain no less than thirty (30) milliliters of urine; and the split specimen, which shall contain no less than fifteen (15) milliliters of urine. Upon arrival at the laboratory, the primary specimen will be opened and tested.

In the first screening test, immunoassay techniques are used to screen urine specimens for classes of drugs. In the second or confirmation test, any positive results found in the first screening will be confirmed using the tandem technique of gas chromatography/mass spectrometry (GC/MS), which positively identifies and quantifies the presence of specific drugs. No test result will be reported by the

laboratory to the MRO as a positive drug test result unless both the initial screening test and the confirmation test are positive. The laboratory shall report the test results to the MRO, who shall evaluate the chain of custody, urine custody form and test results.

All employees (or applicants for employment who have received a conditional offer of employment) selected or directed for drug testing (whether random, reasonable suspicion, post-accident, return-to-duty, or pre-employment) shall complete the Drug Testing Medication Form.

- B. The MRO will perform the following duties for Township:

- (1) The MRO will review the results of each drug test before it is reported to the Township.
- (2) The MRO will review and interpret each confirmed positive test result in the following manner to determine whether or not there is an acceptable medical explanation for the confirmed positive result:
 - (a) The MRO/ will conduct a medical interview with the employee, either in person or by telephone.
 - (b) The MRO will review the employee's medical history and relevant biomedical factors.
 - (c) The MRO will review medical records made available by the employee to determine if a confirmed positive result could be attributed to the use of legally prescribed medication.
 - (d) The MRO will require, if it is deemed necessary, that the original specimen be reanalyzed.
 - (e) The MRO will verify that the laboratory report and assessment are accurate.
 - (f) If the MRO determines that there is a legitimate medical explanation for the confirmed positive result, he/she will take no further action other than informing the Township of his/her determination that the test result is negative.
- (3) If the MRO verifies that a confirmed positive test result is scientifically sufficient and that there is no legitimate medical explanation for the confirmed positive result, the MRO shall immediately contact the Township's DER (who will instruct the employee's supervisor to immediately

THE TOWNSHIP OF JACKSON

suspend the employee pending management review and determination of appropriate action) and the employee.

- (4) The MRO will determine whether and when a rehabilitated employee may return to work.
- (5) The MRO will determine a schedule of post-rehabilitation testing, after consulting with the Township's designated representative, for an employee returning to work after rehabilitation.
- (6) The MRO will ensure that an employee is tested in strict compliance with the applicable DOT procedures before an employee may return to work after rehabilitation.
- (7) If the MRO so determines, based upon a review of laboratory inspection reports, quality assurance and quality control data and other drug test results, that a particular drug test result is scientifically insufficient, the MRO will conclude that the test is negative, and no further action shall be taken. The MRO may request a reanalysis of the original specimen prior to making this determination. The MRO may request the reanalysis be performed by the same laboratory or that an aliquot of the original specimen be sent for reanalysis to an alternate laboratory certified by the United States Department of Health and Human Services (USDHHS). The laboratory shall assist the MRO in making his/her determination by having its personnel available to the MRO for consultation upon request by the MRO.
- (8) Reporting and Review of Results:
 - (a) Review by MRO

The MRO will review all test results prior to the transmission of the results to the Township to consider possible alternate medical explanations for confirmed test results. The MRO shall have the qualifications and responsibilities, including those pertaining to the investigation, confirmation and communication of verified positive and negative test results and the disposition of scientifically insufficient test results, as set forth in the Medical Review Officer section of this Policy.
 - (b) Positive Test Results
 1. If, after making all reasonable efforts and documenting them, the MRO is unable to reach the individual directly, the MRO shall contact the Township's DER who shall direct the individual to contact the MRO as soon as possible. The Township's DER shall employ procedures that ensure, to the maximum extent practicable, the requirement that the employee contact with the MRO is held in confidence.
 2. If, after making all reasonable efforts, the Township's DER is unable to contact the employee, the MRO may place the employee on temporary, unpaid leave.
 3. The MRO may verify a test as positive without having communicated directly with the employee about the test in three circumstances:
 - (a) The employee expressly declines the opportunity to discuss the test.

THE TOWNSHIP OF JACKSON

- (b) The Township's DER has successfully made and documented a contact with the employee and instructed the employee to contact the MRO, and more than five (5) calendar days have passed since the date the employee was successfully contacted by the DER, without the employee contacting the MRO; or
 - (c) If neither the DER nor MRO, after making and documenting all reasonable efforts has been able to contact the employee within 10 days of the date the MRO received the confirmed test from the laboratory.
- 4. Under the split-test method, and if the employee so chooses the split-test method, such test may be conducted, and if there is a positive result, the provisions/procedures and penalties of this Policy shall apply.
- 5. If a test is verified positive under the circumstances specified in this Policy, the employee may present to the MRO information documenting that serious illness, injury or other circumstances unavoidably prevented the employee from timely contacting the MRO. The MRO, on the basis of such information, may reopen the verification, allowing the employee to present information concerning a legitimate explanation for a confirmed positive test. If the MRO then concludes that there is a legitimate explanation, the MRO may declare the test to be negative.
- 6. Following verification of a positive test result, the MRO shall refer the case to the Township's DER for other rehabilitation or administrative action.
 - (c) Verification for opiates.

Before verifying a confirmed positive test result for opiates, the MRO shall determine that there is clinical evidence other than, or in addition to, the urine test of unauthorized use of any opium, opiate or opium derivative, unless confirmation testing for opiates confirms the presence of 6-acetylmorphine.
 - (d) Authorized reanalysis.

Only the MRO may order a reanalysis of the original primary specimen. The employee may submit a written request for a retest of the original specimen to the MRO for a reanalysis of the specimen within sixty (60) days following the day the employee was informed by the MRO that he/she tested verified positive for drug use. The MRO shall then authorize the reanalysis at the Township's expense.
 - (e) Disclosure of results.

Except as provided in this Policy, the MRO shall not disclose to any third party the results of the drug test or any medical information provided by the employee to the MRO as a part of the testing verification process without the employee's written consent, except as set forth in (e)1 below.

 - 1. The MRO may disclose such information to the Township, the DOT or other federal safety agency, law enforcement officials or a licensed medical practitioner responsible for determining the medical qualification of the employee under an applicable DOT agency regulation, as applicable, only if:
 - (a) In the MRO's reasonable medical judgment, the information could result in the employee being determined to be medically unqualified for employment; or

THE TOWNSHIP OF JACKSON

- (b) In the MRO's reasonable medical judgment, the information indicates that continued performance by the employee of his/her safety-sensitive function could pose a significant safety risk.
 2. Before obtaining medical information from the employee as part of the verification process, the MRO shall inform the employee that the information may be disclosed to third parties as provided in (e)1 above and the identity of any parties to whom information may be disclosed.
 3. In the event the MRO discloses information to any third party pursuant to Paragraph (e)(1) above, the MRO shall notify the employee in writing of the disclosure, what information is being disclosed, to whom the information is being disclosed and the reason for the disclosure.
 4. Any third party to whom the MRO discloses information pursuant to this section shall maintain the confidentiality of the information consistent with the law.
- C. The Township will immediately remove the employee from his/her job as a result of a verified positive drug test and will suspend the employee pending management review and determination of appropriate disciplinary action as outlined in Article IX.D

XIII. ALCOHOL TESTING

- A. The DOT Regulations require breath testing for alcohol. This testing must be done using an evidential breath-testing device (EBT) approved by the National Highway Traffic Safety Administration (NHTSA). This testing can only be performed by a Breath Alcohol Technician (BAT) that is certified in the equipment being used.
- B. Two breath tests are required to determine if a person has a prohibited alcohol concentration. A screening test is conducted first. Any result less than 0.02 alcohol concentration is considered a negative test, and no further testing is required. If the initial screening shows an alcohol concentration of 0.02 or greater, a second or confirmation test is required. The confirmation test must be taken fifteen (15) minutes after the initial screening. During that fifteen (15)-minute period the employee being tested is to remain with the BAT and must refrain from eating, drinking, smoking or belching. After the fifteen (15)-minute waiting period, a second breath test will be performed. The results of the second test stand and become the official test result.
- C. If the confirmation test result shows an alcohol concentration of less than 0.02 the official test result is negative and no action is required. If the result of the confirmation test is 0.02 or greater, action by the Township is required pursuant to policies set forth herein.
- D. As well as potential disciplinary actions, other initial Township response to breath testing results that show an alcohol concentration of 0.02 or greater are as follows:
1. If the tested employee's alcohol concentration is between 0.02 and 0.039, the regulations call for the removal of the employee from performing safety-sensitive functions for at least 24 hours and until a negative screen is revealed.

THE TOWNSHIP OF JACKSON

2. If the tested employee's alcohol concentration is 0.04 or greater, he/she must immediately be removed from any safety-sensitive duties until he/she has been evaluated by a substance abuse professional (DOT Regulations have specific guidelines for who qualifies as a substance abuse professional), has complied with any recommended treatment and has taken and passed a return-to-duty alcohol test (result must be less than 0.02). The employee is then subject to unannounced follow-up testing. (See Section X, Follow-up testing.)

3. All other actions as set forth in Section IX.D. above.

E. All applicants and employees are expected to report for alcohol and drug testing as required by this Policy and in accordance with the Township's testing procedures. Employees are to report to work with no alcohol or illegal drugs in their bodies. Any refusal to submit to alcohol breath testing or urinalysis drug testing as directed by supervisory personnel will be considered a refusal-to-test and will subject the employee to the consequences as set forth in Article XVI.B. below.

XIV. CONFIDENTIALITY OF TEST RESULTS

The results of any drug test will be reported to the Township and recorded in a confidential manner. The results will not be reported to any additional parties without the employee's written authorization. A copy of the individual's test results will be available to the individual upon his/her written request. No other medical information will be reported to the Township without an employee's written authorization, except as provided for in Article XII, B(8)(e) above.

XV. QUALITY ASSURANCE OF THE TEST PROGRAM

A. The Township, through its DER, will take steps in its arrangements for testing to ensure that the laboratory is certified by Substance Abuse and Mental Health Services Administration ("SAMHSA") and meets the requirements of the United States DOT.

B. The chain of custody for any urine sample shall be maintained at all times. If the chain of custody is broken, after the tamper proof seal is applied, the employee(s) shall be retested at the Township's expense.

C. Any employee who receives a positive test result will have the right to ask the MRO to retest the sample at a National Institute on Drug Abuse ("NIDA") certified laboratory of the employee's choice at the employee's expense. Employees whose sample is retested with a negative test result will be reimbursed the cost of the test and returned to work.

D. The Township, through its DER, will make every reasonable effort to ensure that the equipment being used for alcohol breath testing meets all the requirements of the DOT, and all testing will be performed by a qualified BAT.

XVI. GROUNDS FOR DISCIPLINARY ACTION/INSPECTION/APPLICABILITY

A. Any employee engaging in the manufacture, distribution, dispensing, possession or use of prohibited substances on Township premises, in Township vehicles or while on Township business will face disciplinary action, up to and including termination. Any manufacture, distribution, dispensing, possession or use of prohibited substances by any employee in any manner which adversely affects the employee's job performance or which may cause the public or a government or corporate body to lose confidence in the

THE TOWNSHIP OF JACKSON

Township's ability to perform its responsibilities may result in disciplinary action, up to and including termination. Law enforcement officials could be notified, as appropriate, where criminal activity is suspected. Any employee convicted of violating a criminal drug statute or drunken driving law/statute must notify the Township DER within three (3) calendar days of any such conviction.

B. Any employee who refuses to comply with a request for drug testing shall be considered as having produced a positive test result and may be subject to disciplinary action, up to and including termination as set forth in Section IX.D. Any employee who provides false information, in connection with a test, or who attempts to falsify test results through tampering, contamination, adulteration or substitution shall face disciplinary action, up to and including termination. If the laboratory detects any substance which has been added to the sample to interfere with the normal testing process, this will be considered a refusal to test, and the same sanctions and penalties, up to an including termination, as set forth in Section IX.D. will apply.

C. The Township reserves the right to inspect, investigate and search for controlled substances at any time, without prior notice, on or in any and all Township premises and vehicles. All coolers are subject to inspection. Refusal by any employee to cooperate with any inspection, investigation or search that is authorized by a Township representative or by a court of competent jurisdiction shall result in disciplinary action up to and including termination.

D. This Policy applies to all employees, except for police and fire department employees, who are governed by their own policies. Visitors, vendors and contractors are also governed by this Policy while on Township property or providing services to or for the Township. Failure on the part of vendors or contractors to adhere to this Policy will cause the Township to cease to do business with that concern.

XVII. EMPLOYEES VOLUNTARILY SEEKING HELP

A. The Township strongly encourages an employee with a drug/alcohol abuse problem to voluntarily step forward to tell the Township.

B. The Township will assist in referring the employee to community assistance programs. An unpaid leave of absence will be granted for a reasonable period for treatment. Employees with accumulated sick and vacation time will be required to use their accumulated time during a leave of absence.

C. It is crucial to note that the accommodations specified in this Section apply only when an employee voluntarily comes forward. If a substance abuse problem is disclosed to the Township only after there has been a positive drug test, a violation of a Township rule or standard, a violation of law or a violation of this Policy, the same conditions outlined in Section IX.D. of this Policy apply. If an employee fails to remain drug-free after the first voluntary rehabilitation, he/she will be discharged from employment with the Township.

XVIII. TRAINING

A. In an effort to educate employees in the dangers of drug use and the Township's commitment to keeping drugs out of the workplace, each employee will receive information covering the dangers of substance abuse, the Township's commitment to an alcohol- and drug-free workplace and the penalties for violation of this Policy.

B. Supervisory employees will receive at least one hour of training on identifying those individuals who might be impaired by the use of drugs.

THE TOWNSHIP OF JACKSON

XIX. EMPLOYEE ACKNOWLEDGEMENT

Each employee or prospective employee shall be given a copy of this Policy with corresponding forms and he/she must acknowledge receipt of this Policy as a condition of (continued) employment.

XX. ADMINISTRATION

A. The Township has designated the Business Administrator or his designee to administer this Township's anti-drug/alcohol program. It has contracted with Meridian Occupational Health for the collection and testing to be done under the Township's and Meridian Occupational Health standard procedures, as outlined above, and for the employee awareness and supervisory training program as designed and administered by the Employee Assistance Program administered by RWJ Barnabas and Meridian Occupational Health, when available, all as more particularly required by the Township's anti-drug/alcohol program.

B. The Medical Review Officer and Drug/Alcohol Testing Laboratory shall be those entities utilized by Meridian Occupational Health in its contract with the Township.

WORKPLACE VIOLENCE POLICY

The Township of Jackson will not tolerate workplace violence. Violent acts or threats made by an employee against another person or property are cause for immediate dismissal and will be fully prosecuted. This includes any violence or threats made on Township of Jackson property, at Township of Jackson events or under other circumstances that may negatively affect the Township of Jackson's ability to conduct business.

Prohibited conduct includes

Causing physical injury to another person;

Making threatening remarks;

Aggressive, hostile, or bullying behavior that creates a reasonable fear of injury to another person or subjects another individual to emotional distress;

Intentionally damaging employer property or property of another employee;

Possession of a weapon while on Township of Jackson property or while on Township of Jackson business except with the authority of the Police Chief; and

Committing acts motivated by, or related to, sexual harassment or domestic violence.

Any potentially dangerous situations must be immediately reported. The Township of Jackson will actively intervene in any potentially hostile or violent situation.

THE TOWNSHIP OF JACKSON

GENERAL ANTI-HARASSMENT POLICY

It is the Township of Jackson policy to prohibit harassment of an employee by another employee, management representative, supplier, volunteer, or business invitee on the basis of actual or perceived sex, race, creed, color, religion, national origin, ancestry, age, marital or political status, affectional or sexual orientation, domestic partnership status, civil union status, atypical heredity, cellular or blood trait, genetic information, disability (including AIDS or HIV infection), gender identity or expression, liability for service in the United States armed forces, and/or any other characteristic protected by law. Harassment of non-employees by our employees is also prohibited. While it is not easy to define precisely what harassment is, it includes slurs, epithets, threats, derogatory comments, unwelcome jokes, teasing, caricatures or representations of persons using electronically or physically altered photos, drawings, or images, and other similar verbal written, printed or physical conduct.

If an employee is witness to or believes to have experienced harassment, immediate notification of the supervisor or other appropriate person should take place. See the Employee Complaint Policy.

Harassment of any employees, in connection with their work, by non-employees may also be a violation of this policy. Any employee who experiences harassment by a non-employee, or who observes harassment of an employee by a non-employee should report such harassment to the supervisor. Appropriate action will be taken against any non-employee.

Notification of appropriate personnel of any harassment problem is essential to the success of this policy and the Township generally. The Township of Jackson cannot resolve a harassment problem unless it knows about it. Therefore, it is the responsibility of all employees to bring those kinds of problems to attention of the appropriate officials so that steps are taken to correct them.

Violation of this harassment policy will subject employees to disciplinary action, up to and including immediate discharge.

ANTI-SEXUAL HARASSMENT POLICY

It is the Township of Jackson's policy to prohibit sexual harassment of an employee by another employee, management representative, supplier, volunteer, or business invitee. The Township of Jackson prohibits sexual harassment from occurring in the workplace or at any other location at which Township sponsored activity takes place. Sexual harassment of non-employees by our employees is also prohibited. The purpose of this policy is not to regulate personal morality or to encroach upon one's personal life, but to demonstrate a strong commitment to maintaining a workplace free of sexual harassment.

Unwelcome sexual advances, requests for sexual favors and other verbal, physical or visual conduct of a sexual nature constitute harassment when

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
- Submission to or rejection of such conduct by an individual is used as the basis for an employment decision affecting the individual; or
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

THE TOWNSHIP OF JACKSON

Regarding unwelcome sexual advances toward non-employees, requests for sexual favors and other verbal, physical or visual conduct of a sexual nature constitute harassment when

- Submission to such conduct is made either explicitly or implicitly in exchange for a benefit;
- Submission to or rejection of such conduct by an individual is used as the basis for a decision affecting the individual; or
- Such conduct has the purpose or effect of unreasonably interfering with an individual's activities or creating an intimidating, hostile or offensive environment.

Sexual harassment may include unwanted sexual advances; offering employment benefits in exchange for sexual favors; visual conduct (leering, making sexual gestures, displaying of sexually suggestive objects or pictures, cartoons or posters); verbal sexual advances, propositions or requests; verbal abuse of a sexual nature; graphic verbal commentaries about an individual's body; sexually degrading words used to describe an individual; suggestive or obscene letters, caricatures or representations of persons using electronically or physically altered photos, drawings, or images; notes or invitations; and/or, physical conduct (touching, assault, impeding or blocking movements).

If an employee is witness to or believes that the employee has experienced sexual harassment, they must immediately notify their supervisor or other appropriate person. See the Employee Complaint Policy.

Harassment of Township employees, in connection with their work, by non-employees may also be a violation of this policy. Any employee who experiences harassment by a non-employee, or who observes harassment of an employee by a non-employee should report such harassment to their supervisor. Appropriate action will be taken against any non-employee.

Notification by employee to appropriate personnel of any harassment problem is essential to the success of this policy and the Township of Jackson generally. The Township of Jackson cannot resolve a harassment problem unless it is reported. Therefore, it is the responsibility of all employees to bring those kinds of problems to the attention of management so that steps are necessary to correct them.

Violation of this sexual harassment policy will subject employees to disciplinary action, up to and including immediate discharge.

CEPA / "WHISTLE BLOWER" POLICY

Employees have the right under the "Conscientious Employee Protection Act (CEPA)" to complain about any activity, policy or practice that the employees reasonably believe is in violation of a law, rule, or regulation promulgated pursuant to law without fear of retaliation or reprisal. This right shall be communicated to all employees in an annual letter outlining the specific employee complaint procedure and in a posted notice. A written acknowledgement that the employee received, read, and understood this letter will be included in the employee's official personnel file. The annual notice shall be in English and Spanish and must contain the name of the person who is designated to receive written notification of policies or practices that might violate CEPA. This right will also be communicated in the Employee Handbook. All complaints will be taken seriously and promptly investigated.

The Township of Jackson shall not take any retaliatory action or tolerate any reprisal against an employee for any of the following

THE TOWNSHIP OF JACKSON

Disclosing or threatening to disclose to a supervisor, Department Head, the Business Administrator, other official or to a public body, as defined in the Conscientious Employee Protection Act (N.J.S.A. 3419-1 et seq.) an activity, policy or practice that the employee reasonably believes is in violation of a law, a rule or regulation promulgated pursuant to law;

Providing information to, or testifying before any public body conducting an investigation, hearing, an inquiry into any violation of law, or a rule or regulation promulgated pursuant to law; or

Objecting to, or refusing to participate in any activity, policy, or practice that the employee reasonably believes is a violation of a law, rule or regulation promulgated pursuant to law; is fraudulent or criminal; or is incompatible with a clear public policy mandate concerning the public health, safety, or welfare.

In accordance with the statute, the employee must bring the violation to the attention of the Personnel Officer or Business Administrator. However, disclosure is not required where (1) the employee is reasonably certain that the violation is known to one or more officials; (2) where the employee reasonably fears physical harm; or (3) the situation is emergency in nature. Employees are encouraged to complain in writing using the Employee Complaint form. See Employee Complaint Policy.

Under the law, the employee must give the Township of Jackson a reasonable opportunity to correct the activity, policy or practice. The administration of Whistle Blower complaints is not subject to the limitations in the Grievance Policy.

EMPLOYEE COMPLAINT POLICY

Employees who observe actions they believe to constitute, sexual harassment, or any other workplace wrongdoing and should immediately report the matter to their supervisor, or, if they prefer, or do not think that the matter can be discussed with their supervisor, should contact the Department Head, the Business Administrator or Personnel Officer. It is encouraged both when an employee feels that he or she is subject to such incidents or observes such incidents in reference to other employees. Employees should report incidents in writing using the Employee Complaint form but may make a verbal complaint at their discretion. If the employee has any questions about what constitutes harassment, sexual harassment, or any other workplace wrongdoing, they may ask their supervisor or one of the individuals listed above. All reports of harassment, sexual harassment, or other wrongdoing will be promptly investigated by a person who is not involved in the alleged harassment or wrongdoing.

No employee will be penalized in any way for reporting a complaint. There will be no discrimination or retaliation against any individual who files a good-faith harassment complaint, even if the investigation produces insufficient evidence to support the complaint, and even if the charges cannot be proven. There will be no discrimination or retaliation against any other individual who participates in the investigation of a complaint.

If the investigation substantiates the complaint, appropriate corrective and/or disciplinary action will be swiftly pursued. Disciplinary action up to and including discharge will also be taken against individuals who make false or frivolous accusations, such as those made maliciously or recklessly. Actions taken internally to investigate and resolve harassment complaints will be conducted confidentially to the extent practicable and

THE TOWNSHIP OF JACKSON

appropriate in order to protect the privacy of persons involved. Any investigation may include interviews with the parties involved in the incident, and if necessary, with individuals who may have observed the incident or conduct or who have other relevant knowledge. The complaining employee will be notified of a decision or of the status of the investigation within a reasonable time from the date of the report an incident.

CODE OF ETHICS

All employees need to be aware of the importance of conducting themselves in an ethical manner. As such employees shall not take part in or attempt to influence in any way any activity in which their own best interests may conflict with the best interest of the Township of Jackson. (See N.J.S.A. 40A9-22.5)

Additionally, some of the business conducted by the Township is confidential in nature such as contracts, acceptance of bids, personnel issues, etc. Most Township business is open to the public and is by law, open for public disclosure. However, such confidential issues shall not be improperly discussed outside of your department and may be subject to disciplinary action.

GRIEVANCE POLICY

A grievance is any formal dispute concerning the interpretation, application and enforcement of any personnel policy or procedure of the Township of Jackson. Grievances from union employees will be handled pursuant to the terms of the applicable bargaining unit agreement.

Non-union employees shall address their concerns to the Business Administrator and/or the Personnel Officer.

All grievances from non-union employees must be presented within five (5) working days after arising and failure to report a grievance within such time shall be deemed as a waiver of the grievance. In the event of a settlement or ruling that results in a determination of monetary liability, such liability shall not exceed more than thirty working days prior to the date the grievance was first presented in writing.

Step One: Any employee or group of employees with a grievance shall verbally communicate the grievance to the supervisor or Department Head who will discuss the matter with the Business Administrator and the Personnel Officer or designee. The supervisor or Department Head will communicate the decision to the employee within two working days.

Step Two: If the employee is not satisfied with the decision, the employee must submit a written grievance to the Business Administrator detailing the facts and the relief requested. The decision in step one will be deemed final if the employee fails to submit a written grievance within five (5) days working days of the step one decision. After consulting the Personnel Officer and the Township Labor Attorney as appropriate, the Business Administrator will render a written decision to the employee within five (5) working days after receipt of the written grievance.

SICK LEAVE POLICY

ACCUMULATION

Permanent, provisional and unclassified full-time employees are entitled to fifteen (15) working days of sick leave per calendar year. Permanent part-time employees are entitled to proportionate amounts of paid sick leave. (See N.J.S.A. 11A6-7).

Sick leave may be used for personal illness or injury, exposure to contagious disease, or to care for a seriously ill member of an employee's immediate family. Immediate family shall be defined in the appropriate negotiated agreement and/or the Family Leave Act. If an employee is attending to an immediate family member, including civil union partner, a doctor's verification of that individual is required.

THE TOWNSHIP OF JACKSON

Unused sick leave shall accumulate from year to year without limit (NJAC 4A6-1.3(f)). Paid sick days shall not accrue during certain leave of absences without pay or suspension.

An employee who exhausts all paid sick days in any one year shall not be credited with additional paid sick leave until the beginning of the next calendar year. (See NJAC 4A6-1.3(e))

After the tenth day of absence on sick leave in one calendar year, a doctor's verification must be submitted for all sick leave absences, regardless of duration.

Prior to the return to work, the Township may require an employee to be examined by the Township-appointed physician to verify fitness to return to normal duties. An employee will not be permitted to return to work until the verification is received.

USE OF SICK LEAVE

All employees are responsible for immediately notifying their department in the manner prescribed by the Department Head if they will be absent due to use of sick leave. Failure to follow the procedure for notification of absence could result in denial of sick leave for that absence and/or disciplinary action.

If an employee is sick or injured while on vacation leave, he/she may submit a written request to the Business Administrator to change vacation leave to sick leave. Proper medical verification may be requested. Approval is subject to the Business Administrator's discretion. Such requests must be made within a reasonable amount of time.

When an employee uses more sick leave than accrued, employees must submit a doctor's note for each occurrence. Failure to submit within one week of absence will result in the individual being docked for actual time out as well as disciplinary action. Said disciplinary action shall be progressive in nature.

An employee may be required to submit official proof of the need to use sick leave in the form of a doctor's verification of illness or injury when

The employee is absent on sick leave for three (3) or more consecutive working days;

If an employee is attending to an immediate family member, a doctor's verification of that individual may be required.

After the tenth occurrence of absence on sick leave in one calendar year;

There is a pattern of utilizing sick time to extend weekends, absences due to holidays or use of personal or vacation time.

The Business Administrator determines such requirement appears reasonable.

Failure to comply with the above policy may result in disciplinary action. The submittal of a doctor's note shall not preclude disciplinary action from being taken. A review of the employee's personnel file shall be conducted and if an employee has a pattern of excessive and chronic abuse of sick leave in prior years, stronger disciplinary action will occur. "Chronic and/or excessive absenteeism" are to be determined by management. If no pattern of abuse exists in prior years and a doctor's note is submitted, every due consideration shall be given.

THE TOWNSHIP OF JACKSON

If the requested sick leave qualifies under the “Family Leave Act” (NJFLA) and/or the “Family and Medical Leave Act” (FMLA) you will receive written notification that your sick leave request has been designated as NJFLA and/or FMLA. The use of accrued time will run concurrent with family leave time and shall not extend the leave period. Refer to Family and Medical Leave Act Policy for detailed policy information.

RETURN TO WORK FROM SICK LEAVE

Prior to the return to work from medical/sick leave, the Township may require an employee to be examined by a physician designated by the Township to verify fitness to return to normal duties. An employee will not be permitted to return to work until the verification is received.

Short-term absences will be reported to the Business Administrator on the employee time sheets. For long-term absences, Department Heads will send a memo to the Business Administrator stating the anticipated length of the employee’s absence. The Township may require a medical certificate/release from the attending physician stating that the employee is able to return to perform regular duties and in doing so would not jeopardize the health of the employee or other employees.

The employee’s supervisor will forward the medical certification to the Business Administrator for the employee’s personnel file. If an illness is of a chronic or recurring nature, the employee may be required to provide one proof of illness every six months. Such proof must specify the nature of the illness and that it is likely to cause periodic absences.

PAYMENT OF SICK LEAVE

At the employee’s option, employees who do not utilize their yearly allotment of accrued sick days may sell back a portion (in part or full) of his/her sick time in straight pay. Said request shall be submitted to the Personnel Officer no later than November 1st of each year.

Sold back sick days are to be deducted from the employee’s accumulated total and shall not be applicable to the Sick Bonus Pay Program. Where applicable, employees may be eligible for the Sick Bonus Pay Program, whereby the employee shall receive one (1) day’s pay for every five (5) days of sick leave which is earned, but not used during the calendar year.

When an employee retires, the township shall pay back a portion of unused sick in accordance with the terms of the appropriate collective bargaining agreement. Non-union employees shall be paid up to a maximum of 130 days in addition to a 5% bonus. Non- union employees hired after 1/1/96 shall receive a 5% bonus with a cap of \$12,000 inclusive of vacation pay.

If an employee terminates employment prior to the end of the calendar year, an adjustment will be made in the final paycheck for any sick leave which has been used but not yet earned.

The Department Head is to then notify the Personnel Officer of said AWOL whereby disciplinary action shall be taken.

The employee shall also be docked for day(s) he/she was AWOL. An AWOL for five (5) or more consecutive workdays is considered as an abandonment of the position whereby the employee shall be terminated subject to Civil Service Commission rules and regulations.

If an employee has a pattern of excessive and chronic AWOLs, including those in prior years, stronger disciplinary action may occur. A review of the employee's file shall be conducted, and management shall make a determination as to disciplinary action warranted.

Compensatory time may be granted in lieu of overtime pay.

Exempt employees, including department heads are not to receive overtime and/or comp time except that such employees may be granted hour for hour compensation in the form of a cash payment or compensatory time for emergency or extraordinary work, including but not limited to, maintenance, construction, snow removal or other related work in situations which constitute unreasonable safety hazards to the public. TIME AND ATTENDANCE /TIMESHEET COMPLETION POLICY

Timely and regular attendance is an expectation of performance for all Township employees. To ensure adequate staffing, positive employee morale, and to meet expected productivity standards throughout the organization, employees will be held accountable for adhering to their workplace schedule.

In the event an employee is unable to meet this expectation, he/she must obtain approval from their supervisor in advance of any requested schedule changes. This approval includes requests to use appropriate accruals, as well as late arrivals to or early departures from work.

SCOPE

This policy covers all employees that are required to clock in using the Prime-Point timekeeping system.

DEFINITIONS

The terms "clock in;" "punch in" and "swipe in (or out)" all mean the same. They all refer to the action whereby an employee uses the time clock that reads the employee's fingerprint and transmits the information to the timekeeping database.

The supervisor shall review the record for accuracy and approve it and submit it to the designated time/payroll representative.

INTERPRETATION & CONTROL

Employees are responsible for entering accurate information in the time clock on a consistent basis. The Department Head in whose department a time clock is being utilized is responsible for the daily oversight of this policy.

The Information Technology Department is responsible for the technical aspects relating to the accurate and consistent functioning of the time clock, as well as for any technical changes or upgrades set forth by the manufacturer.

The Division of Personnel has the responsibility for the electronic transfer of time clock data and is responsible for the interpretation, authorization and control of this policy.

The Mayor/Business Administrator have ultimate authority for this policy.

EMPLOYEE CLOCKING RESPONSIBILITIES

It is a job requirement for ALL EMPLOYEES with the exception of Elected Officials, the Municipal Judge, Business Administrator and Sworn Police Officers must "clock in" at the beginning of their shift and "clock out" at the end of each workday. Additionally, employees who are not assigned off site are to "clock out" at the beginning of lunch breaks or when they leave the job site and "clock back in" when they return from lunch or when they return after being away from the job site.

Supervisors are to review all entries each pay period, then sign off on time sheet in the system the day following the end of the payroll cycle.

Supervisors should contact the Information Technology Department and/or Division of Personnel with time clock concerns/issues.

GRACE PERIOD

The timekeeping system "clock in" and "clock out" will have a seven (7) minute grace period to punch in both before and after the start or end of a shift. The grace period is not to be construed as permission for late arrivals or early departures.

LUNCH BREAK

Full-time employees must take a meal break. The employee must "clock out" for meal break and "clock back in" after the appropriate lunch period. The timekeeping system will automatically deduct meal breaks from the work day. If the employee "clocks in" early, the full meal break will be charged. If the employee "clocks back in" longer than the allotted meal break, the meal break will extend to the exact time the employee punches back in.

If an employee is required by their supervisor to come back to work before the end of their meal break, it is the responsibility of the supervisor to adjust the employee's time.

MISSED TIME CLOCK PUNCHES

If an employee forgets to "clock in" or "out" for their shift; they are to contact their supervisor immediately when it is realized, to explain the circumstances and to provide actual clock in or out information. The Supervisor/timekeeper will adjust the employee's time in the system. Employees will be subject to disciplinary action up to and including termination* for excessive failure to clock in or out without reasonable justification.

FALSIFICATION OR TAMPERING

Any attempt to tamper with the timekeeping hardware or software will be considered a serious offense, subject to disciplinary action, up to and including termination.
